

2014-2019 Callaway Corvette

SC627

Your C7 deserves a Direct Conversion.

It's not too late to convert your 2014-2019 Corvette Stingray or Grand Sport to genuine Callaway Corvette SC627 specifications. With Callaway's "Direct Conversion" program, these cars generate breathtaking power and sensational acceleration, as patented GenThree™ supercharging, unique TripleCooled™ intercooling and exacting electronic powertrain management calibration work together to boost performance. An array of options includes Callaway HD Cooling Systems, Callaway Sport Exhaust, Callaway Competition Suspension and Forged Wheels, Callaway S4 Shifter, and more.

Remarkable performance isn't the only characteristic that defines a Callaway. Every Callaway comes with tasteful interior and exterior badging identifying your car as the "Genuine Article". Plus, an Authenticity Documentation Package is included with every Callaway build, complete with leather-bound certificate, further validating the vehicle's provenance.

All Callaway cars, SUVs and pickups are constructed to stringent engineering specifications by expert technicians in our Connecticut and California factories.
