

2026 Callaway Supercharged E-Ray

Shown with some optional equipment.

Supercharged and Electrified.

- 847 combined horsepower from Callaway Gen4™ Supercharging and GM e-AWD
- Final assembly per stringent engineering specifications at Callaway factories
- Includes Callaway Documentation Package to validate authenticity
- Supplements GM warranties with 3 Year / 36,000 Mile Callaway Warranty

The Callaway Supercharged E-Ray is equipped with the patented Gen4™ Supercharging system, three-element TripleCooled™ intercooling and exacting CalCal™ powertrain management calibration, significantly boosting LT2 power. And integrated within the Callaway's powertrain, the GM e-AWD system delivers additional torque for instantaneous acceleration.

To further personalize your Callaway, an array of available options includes Callaway Carbon Body Panels, Callaway Double-D Exhaust, Callaway Forged Nine-Spoke Wheels, Callaway Graphics Package, and much more.

Breathtaking power and exquisite appearance aren't the only features that define a Callaway. Every Callaway also comes with tasteful badging identifying your car as the "Genuine Article". Plus, an Authenticity Documentation Package is included with every new Callaway delivery and each car is assigned its own serial number, further validating the vehicle's provenance.

All Callaway cars, SUVs and pickups are constructed to stringent engineering specifications by expert technicians in our Connecticut and California factories. With flawless drivability and bulletproof durability, Callaway's 3 Year/36,000 Mile Limited Warranty runs concurrent with the factory GM warranty term, providing the most comprehensive coverage of any aftermarket specialty vehicle manufacturer.

Gen4™ Supercharging

Forged Nine-Spoke Wheels

Double-D Exhaust System

Callaway Supercharged E-Ray
