

Callaway Escalade / Escalade ESV

The Cadillac Escalade and Escalade ESV are the most distinctive SUVs manufactured by General Motors. World-class luxury and outstanding utility are augmented with Callaway's "powerfully engineered", supercharged performance: 560 horsepower and 553 lb-ft of torque. Callaway's systems-engineering approach integrates its patented GenThree™ supercharging, efficient TripleCooled™ intercooling, Honker™ intake system, Callaway Sport exhaust system and precise electronic powertrain management calibration, working together to deliver breathtaking acceleration and pulling power with flawless drivability and peerless sophistication. Plus, tasteful exterior and interior badging distinguishes the Callaway vehicle as "The Genuine Article".

Pre-owned Cadillac Escalades and Escalade ESVs may be upfit with genuine Callaway packages through Callaway's Direct Conversion program. These packages and optional equipment are constructed and installed to the same specifications applied when these vehicles were new and sold through Cadillac Dealers. All Direct Conversion vehicle construction is performed at Callaway's Connecticut and California factories by skilled technicians. Plus, just as with new Callaways, our 3 Year/36,000 Mile Limited Warranty is extended to these SUVs as standard equipment and a 5 Year/60,000 Mile Powertrain Service Contract is available as an option*, matching the GM powertrain warranty term.

Contact Callaway Cars at (866) 434-9002 or email ownercare@callawaycars.com to determine whether your SUV qualifies for conversion.
